

Promote your sustainable energy technology products and services for free with SETatWork

With the SETatWork project supported by EC FP7 you can rapidly reach hundreds of organisations across Europe that are actively looking for Sustainable Energy Technology providers or EU ETS/CDM project partners. It's quick and easy and completely FREE!

- 1 Complete a market actor form and join the SETatWork database
- 2 Submit a Good Practice Case Study - SETatWork will promote it via events, website & mailshots
- 3 Fill in a partner matching form and find the perfect partner for EU ETS, JI and CDM projects
- 4 Register for newsletters and be the first to know about new opportunities in carbon markets

Are you on the SETatWork database? Be sure to add your Market Actor Info

If you are a sustainable technology provider, you can instantly increase your visibility by adding your details to the free SETatWork online database at www.setatwork.eu/database. Make sure you are on the database by completing the Registration Form at www.setatwork.eu/database/register.htm. This enables SETatWork to create a detailed profile of your products, services and experience, which can be matched with projects and organisations that approach SETatWork looking for proven SET providers.

Promote your expertise to new customers with a SETatWork case study

To promote your technology or service go to www.setatwork.eu/gp.htm and submit a Good Practice case study. It's quick, easy and free, and your success stories will be widely publicised through the SETatWork network and be visible to hundreds of companies who visit the SETatWork website seeking sustainable energy solutions.

Carbon dating! Match your products & services to SET, CDM, JI or EU ETS projects

Quickly complete a free partner matching form at www.setatwork.eu/pm.htm and SETatWork will connect your organisation's profile to sustainable energy projects looking for technology and service providers.

Find out faster about the latest SET projects and carbon market opportunities

Take a few seconds to register for the SETatWork newsletter and you will receive regular updates on news, events, projects and networking opportunities covering EU ETS, SET, JI and CDM. Register for free today at www.setatwork.eu and be among the first to know about new opportunities for Sustainable Energy Technology product and services.
