

About Carbon Expo and the T@W Workshop

Carbon Expo is an annual global carbon market fair and conference that takes place in Cologne, Germany from 2-4 May 2007.

The T@W workshop, **Sustainable Energy Technology at Work**, takes place as part of Carbon Expo on **3 May 2007**. The workshop will present the latest and most relevant issues regarding the development of carbon markets and the possibilities for technology transfer. Speakers from the **International Emission Trading Association (IETA)** and **European Investment Bank** will take part, as well as speakers presenting their experience from CDM projects in India and China.

Costs:

Participation in the T@W workshop is **free of charge**.

Delegates to the T@W workshop can gain access to the CarbonExpo main conference and fair at a reduced price of **€759** (normal price **€1078**).

The entrance fee for the Fair only is **€110** per day.

Further details about CarbonExpo can be found at: www.carbonexpo.com

Further details about the T@W Workshop can be found at:
