

Mr. Daniel Caspari

Mr. Daniel Caspari (diploma in industrial engineering, Dipl-Wirtsch-Ing, University of Technology Darmstadt) is a senior consultant with more than 4 years of work experience in the field of sustainable energy technologies, being active in international projects (within FP6 and LLL) covering research, dissemination and promotion of renewable energy and energy efficiency technologies.

He has experience in the management of companies for heat and power generation by CHP-plants and windfarms. Amongst others he has been working in studies on biofuel by-products utilization, the development of an Energy Efficiency Finance Kit (FIP-TREET), including the production of a German handbook, support for the ENERinTOWN project and the SET promotion in the EU-ETS market in the T@W project.
